

**Wednesday  
25th of September**

14:00	14:30	Registration
14:30	16:00	Workshop 1 : Modeling challenges that need to be addressed for future application of facade FSE Workshop 2 : Presentation and feedback on the new European test
16:15	17:30	Laboratory visit
17:30	19:00	Bus to Paris
19:00	20:30	Ice breaking

**Thursday  
26th of September**

08:00	09:00	Registration and Coffee
09:00	09:30	FSF 2019 Introduction
09:30	10:00	Keynote: Lessons learned from Façade Fire Incidents around the World (B. Messerschmidt)
10:00	10:30	Keynote: Physical phenomena of façade fires: A detailed experimental and numerical investigation (D. Kolaitis)
10:30	11:00	BREAK
11:00	12:30	SESSION 1: Facade materials and systems behaviour in fire
12:30	13:30	LUNCH
13:30	14:00	Poster session
14:00	15:30	SESSION 2: Facade testing and fire propagation
15:30	16:00	BREAK
16:00	17:30	SESSION 3: Facade testing and assessments methods
18:00	19:00	Bus to gala diner
19:00	20:30	Option : Musée d'Orsay visit
20:30	00:00	Gala Diner

**Friday  
27th of September**

09:00	09:30	Keynote: Reconstruction of Grenfell tower facade fire using multi-scale experimental and numerical approach
09:30	10:00	Keynote: Experimental study combining accelerated weathering test with fire test regarding fire-retardant-treated wooden facades in Japan
10:00	10:30	BREAK
10:30	12:00	SESSION 4: Numerical modelling and case studies
12:00	13:00	LUNCH
13:00	14:30	SESSION 5: Risk Management and Regulation
14:30	15:00	BREAK
15:00	16:00	ROUND TABLE
16:00	16:30	Closing ceremony
